SEERSMEDICAL®

THERAPY RANGE

Seers Medical Ltd design and manufacture a wide range of patient examination furniture for various medical procedures such as gynaecology, ultrasound scanning, phlebotomy, podiatry, lymphoedema, physiotherapy and osteopathy.

INTRODUCTION

CONTENTS

- 4-5 2 Section Therapy Couches
- 6-7 3 Section Therapy Couches
- 8-9 Bobath Therapy Couches
- 10-11 Mat Therapy Tables
- 12-13 Hygiene Therapy Tables
- 14 Therapy Chairs and Stools
- 15 Optional Couch Accessories
- Back Cover Upholstery colour chart

In this brochure we cover some of our range of physiotherapy and rehabilitation products. There is a wide choice of models and accessories to cater for various examination procedures as well as different manual therapy and rehabilitation techniques. All models are variable in height with a choice of both manual or electric positioning and height operation.

The development of these products has been achieved by applying our many years of experience and knowledge in this market. A lot of thought has been given to the design to benefit both the comfort and security of the patients as well as providing manual handling solutions which promote good posture and ergonomics to all clinical staff when they are using this equipment.

We trust you will experience this yourself when you purchase a SEERS MEDICAL® product.

- Minimum safe working load and lifting capacity (from minimum height) of 240kgs on all Therapy couch products to cater for very heavy patients. **240kgs=37.7 stone=528lbs**
- **Extremely strong** and rigid for longevity and constant heavy use
- **Variable in height** to promote the correct posture and working position for clinical staff during medical examinations and various treatment procedures
- **Choice of hydraulic or electric** height control to suit the independent requirement of the user and the environment
- **Low patient transfer height** to minimise manual handling of patients 43-95cm (17"-37")
- **Integral wheel system** for ease of movement and positioning
- **Anti bacterial upholstery vinyl** –will not support microbial or fungal growth including salmonella, E Coli and **MRSA**
- **All pivot points** are fitted with **Oilite®** self lubricating bearings which are impregnated with a mineral oil to reduce wear and provide both smooth and silent operation, requiring minimal maintenance
- **Anti-trap design** gas strut cylinders on the majority of backrests and elevating sections, requiring the use of the "release lever" only when returning the section back to the "closed or negative" position
- **Wide choice of models** and optional accessories providing suitability for a wide range of patient examinations and various treatment procedures
- **All couch frames** include fixation holes for easy addition of optional accessories

Oilite® is the registered trademark of Oilite Bearings Ltd

Model ST3567. Colour Sky Blue

Model ST3569
With optional perimeter foot switch. Colour Black

Model ST3568. Colour Emerald

3 SECTION THERAPY COUCH CHOICE OF MODELS AVAILABLE

- ST3557** Standard head design-hydraulic
- ST3567** Standard head design-electric
- ST3558** Basic head design-hydraulic
- ST3568** Basic head design-electric
- ST3559** Plus head design-hydraulic
- ST3569** Plus head design-electric

BOBATH THERAPY COUCH

By tradition, Bobath treatment techniques require a suitably wide treatment surface with a safe and capable lifting capacity for both patient and therapist. The Bobath Therapy range of couches has more than achieved this with a choice of 2 sizes and a higher than standard **safe working load of 250kgs (550lbs=39 stone)**

BOBATH THERAPY COUCH CHOICE OF MODELS AVAILABLE

ST4552 Bobath Therapy Couch-hydraulic-width 105cm (41")

ST4562 Bobath Therapy Couch-electric-width 105cm (41")

ST4542 Bobath Therapy Couch-electric with electric backrest-width 105cm (41")

ST4552W Bobath Therapy Couch-hydraulic -width 125cm (49")

ST4562W Bobath Therapy Couch-electric-width 125cm (49")

ST4542W Bobath Therapy Couch-electric with electric backrest-width 125cm (49")

Model **ST4562W**. Colour Sky Blue

STANDARD MODEL SPECIFICATION

- **Safe working load** and lifting capacity (from minimum height) of **250kgs (550lbs=39 stone)**
- Power assisted backrest with **anti-trap design**
- **Choice of width**-105cm (41") or 125cm (49")
- **Choice of manual or electric** height operation
- Excellent height range of **43-95cm (17-37")**
- **Retractable wheel design** and adjustable foot for stability on uneven surfaces
- **Oilite® bearings** on all pivot points
- Clearance beneath frame for **mobile hoist**
- **Hand switch** fitted as standard on all electric models
- **Choice of upholstery** colour-see back cover

MODEL ST6101 High Therapy Chair
Height range 59-84cm (23"-33") with adjustable backrest
Adjustable height foot ring support
5 star base with glides

OPTIONAL COUCH ACCESSORIES

Perimeter Foot Switch

Available as an alternative to hand or foot switch control on electric models, this integral system enables the therapist to control the height of the couch by simple "up or down" foot pressure on the perimeter bar to activate the motor and power the couch to the required height. This "hands free" facility can be operated at all points around the couch. Not available for Hygiene Therapy Tables

MODEL 6001 Perimeter Foot Switch

Side Support Rails and Cushions

The "swing-down" side support rails can be added to either one or both sides of the couch. The support rails are nylon coated for durability and may be fitted with the optional support cushions for additional comfort and protection. The cushions are made from high density foam and matching upholstery fabric to the couch

MODEL 6002 Side Support Rail (each) to fit 2 Section Couches or Hygiene Therapy Tables

MODEL 6002P (each) Side Support Cushion for above

Paper Towel Holder

This is usually fitted to the reverse of the backrest to enable paper towel to be dispensed easily over the full length of the couch or backrest as desired

MODEL 6005 Paper Towel Holder

Removable head/knee support

This "half moon" shaped support is ideal for supporting the head, neck or lower limb during specific treatments or positioned purely for comfort. This cushioned foam support is available in a choice of 6 upholstery colours-see back cover

MODEL 6007 Removable head/knee support

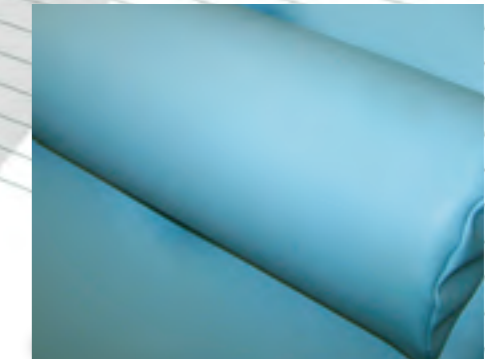

Model **6001**
Perimeter Foot Switch

Model **6002/6002P**
Side Support Rails and Cushions

Model **6005**
Paper Towel Holder

Model **6007**
Removable head/knee support
